INFORMATION TO GUARDIANS REGARDING THE CHILDREN'S SKI SCHOOL

We welcome your child to the winter ski school.

Skiforeningen has since 1948 made it possible for children to experience playful exercise with cross country skiing in the snow. Every year, 9.000 children attend the children's ski school where playful exercise and nature experience are in focus.

With our 10 ski school places/resorts/areas placed in Oslo and surroundings, and more than 160 ski instructors, we are the largest ski school in Norway.

Snow production and groomed ski areas for playing provide a great starting point for children to become fond of the winter and outdoor life.

We look forward to a lot of fun in the snow with both new and experienced participants!

Instructors

Skiforeningen offer 1 instructor per 8 – 10 children.

Equipment

Children with no ski equipment can borrow skies and boots for free from Skiforeningen (limited numbers). *We encourage everyone to bring their own equipment. If you do not have equipment, please check with BUA, finn.no etc. Children who do not have their own ski equipment are still able to borrow from Skiforeningen (limited number). When register your child you register the need.*

Free places

Barnas skiskole offer spaces free of charge for children coming from low-income families. The free of charge places are financed through "Barnas skifond" and funds from "Barne-, ungdoms-og familiedirektoratet". An application form from the kindergarten/after school care/activitischool or guardians must be sent to friplass@skiforeningen.no within 15th of October.

Children with disabilities

We wish that everyone should be able to participate at the ski school and facilitate for children with physical or cognitive disabilities. The child must have with them their own assistant on ski. Guardians who have children with special needs are asked to fill in a special form found at skiforeningen.no/barnasskiskole.

Implementation

Snowproduction ensure even with little snow our ability to conduct courses. There will be no refund if cancelled/postponed or delay due to weather condition or other external conditions outside the control of Skiforeningen.
